Further to the Amendment and Response filed November 10, 2008

### REMARKS

Further to the Amendment and Response filed on November 10, 2008, claims 1, 10, and 33 have minor editorial errors in claims markings. In claim 1, "and a gel-forming polymer" was deleted from the end of the claim without being shown in a strike-through format. In claim 10, "~~an~~ the active ingredient at the pH of about 6.0 or above" should read "~~an~~ the active ingredient at the pH of about 6.0 or above." In claim 33, the description "any one of," which was inadvertently omitted from the claim listing in the preliminary amendment, was replaced. The corrected claims listing with the appropriate marking is attached hereto.
